

PRESENTING THE TECH-FEST OF
XIM UNIVERSITY

SYNCHRONIZE 3.0

EVENTS BROCHURE

XIM UNIVERSITY

PLOT NO:12(A), NIJIGADA, KURKI, HARIRAJPUR, ODISHA 752050

ABOUT US

The School of Computer Science & Engineering at XIM University is a unique institution that integrates high-quality programs with a focus on fundamental computer science principles. Offering B.Tech. in Computer Science & Engineering, M.Tech in Data Science & Analytics, and Ph.D. in Computer Science and Engineering. Extracurricular activities, including clubs like XPLORE, IEEE , SMC, ROBOGENIX, and ACM STUDENT CHAPTER. It aims to stand out by producing graduates equipped with advanced knowledge, skills and extraordinary qualities.

TECHNICAL EVENTS

TIMEHACKS

Dive into a high-energy 24-hour coding marathon where teams of innovative minds gather to tackle a pressing, real-world problem. Bring your best ideas, coding skills, and determination as you compete to develop creative solutions from scratch. The clock is ticking, so gear up for a coding sprint like no other!

semi;colon

Enter the world of code troubleshooting in this fast-paced debugging challenge. Participants will analyze, debug, and refine code snippets to perfection. Test your problem-solving skills and attention to detail as you unravel complex errors and battle against the clock!

ZENOS TERMINUS

A high-speed race challenging participants to race their custom-built bots through a dynamic track filled with obstacles. Precision and speed are crucial to navigating the hurdles, sharp turns, and varied terrain. The fastest bot to reach the finish line will be declared the winner.

TECHNICAL EVENTS

MEGATRON

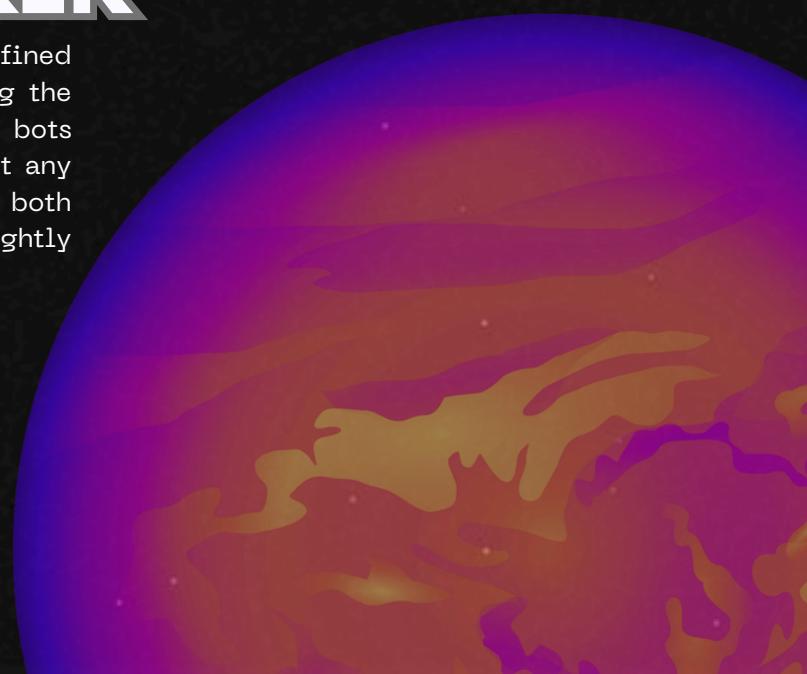

It brings the intensity of sumo bot combat to life as competitors battle in a steel-caged arena. Bots must use strength and smart design to overpower their opponents, with only the strongest making it through to the final round.

HYPERSPACE HUNT

Embark on a thrilling hunt for hidden treasures, weaving through tech-inspired riddles and puzzles that will test your brainpower and navigation skills. Armed with clues, you'll explore the event grounds and unlock mysteries step-by-step in this challenging team event.

PATH XPLORER

Test the bots' ability to follow a predefined black line across a maze-like path. Using the single-source shortest path algorithm, bots must navigate from start to finish without any manual control. The event challenges both programming and precision in a tightly controlled environment.

TECHNICAL EVENTS

DRONE WORKSHOP

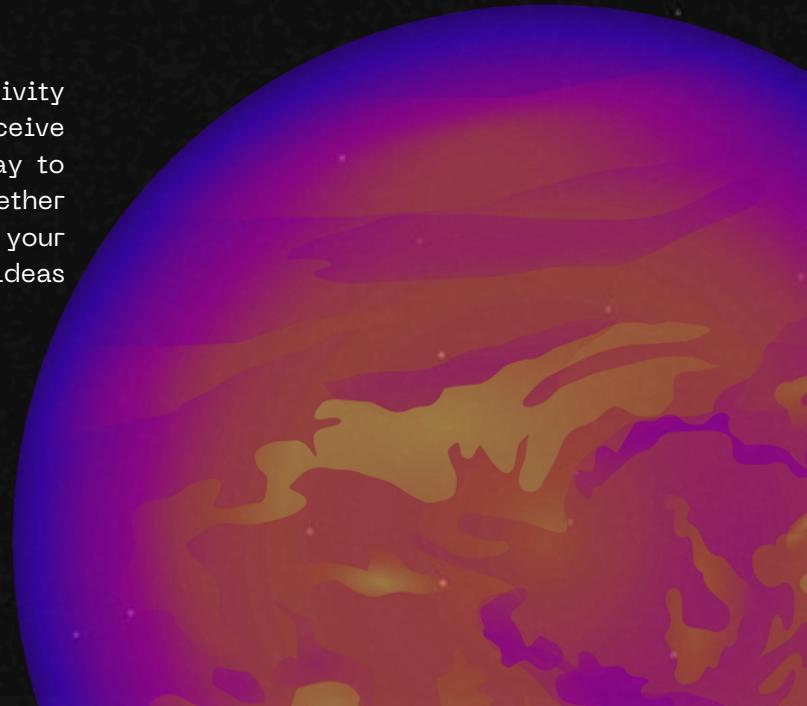

Take to the skies with an immersive experience into the world of drones. This workshop will cover the basics of drone mechanics, navigation, and control, culminating in hands-on flying sessions. Whether you're a beginner or an enthusiast, you'll gain valuable insights and skills to soar.

CODING CLASH

Get ready for a fierce coding face-off! Here, participants compete in rounds of intense, timed coding challenges, battling to solve problems accurately and quickly. Only the sharpest and fastest will rise to the top. Do you have what it takes to claim victory?

PROMPTOPIA

Dive into a world of imagination and creativity with Promptopia. Participants will receive images and will need to prompt their way to unique, original stories or write-ups. Whether you're a natural storyteller or exploring your creative side, this event lets you express ideas and narratives in fresh, artistic ways.

NON-TECHNICAL EVENTS

STOCK STIMULATION

Step into the thrilling world of the stock market with our interactive stock simulation. In this virtual game, you'll strategize, invest, and react to shifting market conditions to maximize your portfolio. Compete with others as you navigate through real-world inspired challenges and prove you have the financial savvy to come out on top!

STARTUP PARK

Discover the next big innovations in Start-Up Park, where emerging startups showcase their groundbreaking products and services. This is a one-stop spot to connect with visionary entrepreneurs, pitch creative solutions, and attract the attention of investors.

V-TO-V

This high-energy, multi-round event is packed with interactive games like TechBingo, TechSkribble, and Crossword. Each round tests your technical knowledge, creative thinking, and quick reflexes. A game of brains and wit, this is for those who love friendly competition with a dash of tech fun.
